---

## SUMMARY

Results-oriented Agentic AI Engineer and Full-Stack Developer with a proven track record of building advanced AI-driven solutions and automation workflows. Skilled in AI automation, modern web technologies, and scalable system design, with experience contributing to international projects. Seeking a challenging role to leverage technical expertise, deliver innovative AI solutions, and drive engineering excellence on a global scale.

---

## WORK EXPERIENCE

### Freelance Full-Stack & AI Automation Developer Upwork Jan 2024 - Present

- Delivered custom AI automation workflows that reduced manual workload for clients by up to 30%.
- Built and deployed full-stack web applications using React, Next.js, Node.js, and MongoDB, ensuring scalability and performance.

### Freelance AI Automation & Chatbot Developer, Fiverr Mar 2024 - Present

- Designed and developed AI-powered chatbots for businesses to improve customer engagement and support.
- Automated repetitive workflows and business processes, reducing client effort and saving time.

### Hackathon Participant, International & Local Competitions May 2024 - Present

- Participated in multiple national and international hackathons, collaborating with diverse teams to solve real-world problems.
- Achieved recognition as a Challenge Winner at HackFest 2025 (Remote Hackathon) for delivering a high-impact project.

---

## EDUCATION

### Certified Agentic & Robotics AI Engineer (In Progress) Sep 2024 - Jan 2026

Present Initiative for Artificial Intelligence

- Currently pursuing certification in Agentic AI and Robotics AI Engineering..
- Gaining expertise in AI automation and robotics driven intelligent systems.

### Certified Cloud Applied Generative AI Engineer (In Progress) Aug 2023 - Dec 2015

Governor Sindh Initiative for Artificial Intelligence & Computing

- Learning Generative AI, Cloud Computing, and advanced AI applications through structured curriculum.

---

## ADDITIONAL INFORMATION

- Technical Skills:** Agentic AI, Ai Automations Robotics and Chatbot, Full Stack
- Languages:** English, Urdu, Hindi
- Certifications:** NVIDIA AI Certification, Anthropic MCP Certification and Hackathon Participation Certificates National & International Events
